

**CHESAPEAKE BAY TMDL PROJECT  
(4 PONDS)  
IFB No. 15304-FY17-15  
Addendum #4  
November 14, 2016**

**Questions and Answers:**

**Question 1:** Per addendum 3, since rock excavation to subgrade is now part of the base bid, please give us the CADD Files for this project so we can meet the deadline. If you don't give us the CADD Files, we are going to have to "guess" quantities of rock.

**Answer 1:** Cad files are not available at this time, contractors shall make use of all available information to compute rock quantities.
